

**Monday 6 May 2024**

Dear Resident

Please find below an update on works activity on and in the vicinity of the A5 during May 2024.

**CANCELLED A5 Overnight Road Closures planned for 10-11 and 22-23 May 2024**

We have cancelled the planned A5 road closures between the M6 J12 interchange to the A5/A449 Gailey Roundabout that we recently wrote to you about. There has been a delay in the design approval for the works to install safety netting across a section of the A5 to protect the overhead power cables while works were to be undertaken on the cables and adjacent pylon towers.

The 132kv overhead power line works will now be undertaken in 2025. We will notify you nearer the time about the rescheduled road closures, which we will need to put in place in order to do this safely for both the public and our workers.

**TEMPORARY SITE ACCESS WORKS to the south of the A5 and east of the Staffordshire Police Watling Street Police Station**

We are installing a temporary site access into the part of the site that will form the 2010 series warehouse area. The access road will connect to the westbound carriageway of the A5 to the east of the Watling Street Police Station access.

These works will take place in mid-May for a period of approximately two weeks and will not directly impact traffic using the A5.

Once complete, construction traffic using the temporary access to site will access from the westbound carriageway from M6 J12 direction and leave on the westbound carriageway towards Gailey roundabout. The temporary access will be in use for approximately 7 months.

To keep up to date on the progress of West Midlands Interchange please follow our Facebook page and sign up to our newsletter at [www.westmidlandsinterchange.co.uk](http://www.westmidlandsinterchange.co.uk). You can contact us via the details shown overleaf.

Yours sincerely

**David Wright**
