#### **NOTES FROM POLICE LIAISON GROUP MEETING WHICH WAS HELD AT THE PARISH COUNCIL SUMMIT ON 1<sup>ST</sup> FEBRUARY 2024-**

Cllr Millington

The Liaison Group was held at the Summit in the hope of reaching more parish councillors as very few attended that last 3 liaison group meetings.

Commander Chris Cotton is leaving his post in the near future and is being replaced by Cmdr Tim Norbury. He was at the meeting and introduced to the group. [Timothy.norbury@staffordshire.police.uk](mailto:Timothy.norbury@staffordshire.police.uk)

South Staffordshire police have 39 open incidents at any time.

South Staffordshire have the lowest levels of calls for the service.

Response times are 13 minutes

South Staffordshire police are above strength with 10 sergeants, 55 PCs, 15.47 PCSOs

Outcomes are 12% positive – not good

60% of people who complain don't want to pursue to a prosecution

The new initiative is community resolution. If it's a local dispute with, say, criminal damage is involved then the police will intervene to request the person who caused the damage to make reparation. Apparently this is working.

Stop and search has gone up by 25% and is working effectively.  
ASB in out area is down 32%

Total recorded crime up 2%  
Residential burglary down 12%  
Theft of a motor vehicle down 10%  
Theft from a motor vehicle down 24% with an increase in Wheaton Aston and rural areas.

I asked about rural crime and it was suggested a rural crime forum be set up with the district council, police and local farmers. I have promised to contact some local farmers to ask if I can pass on their details.

I asked the question about Police Parish Reports and why the cannabis farm and incident with armed police wasn't reported to the PC. Cdr Cotton said he was currently looking into Parish Reports and establishing what should go in them. He said the cannabis farm should definitely have been reported as it had been on FB anyway. He was going to talk to local teams about what and what couldn't be reported.

I asked SSC officer about the Police Commissioners fund that the District Council now get and has already been allocated. She agreed it wasn't really fair to Parish Councils and said she would ask the Police Commissioner about going back to the old system of being able to apply for funding.

#### **Resolved to move agenda item 143 forward (Staffordshire County Council Report)**

From October 2024 new legislation (s40A Equality Act 2010) will create additional legal requirements for Councils, along with all Employers, to take proactive steps to prevent Sexual Harassment at Work. Councils will need to take pro-active steps to demonstrate that they are preventing the problem.

Town/Parish Council specific guidance notes have been developed from the Equality and Human Rights Commissions as recommendations for all Employers.

- The Full Council, or a Committee with delegated responsibility, will need to review existing procedures, including defining what constitutes harassment, steps to take should the problem arise, protection the Council will provide to those reporting it, and sanctions against offenders. As a result, a policy and procedure that is specific to the needs of the Council should be drafted.
- Staff should be consulted on the draft policy and procedure, to get their suggested adjustments, as well as commitment to the document.
- The document should be issued to Councillors, staff and displayed in public areas.
- All Councillors and staff should either attend a briefing session regarding how the new/updated policy and procedure works or be required to read the document and sign it to confirm that they understand and will comply with it.
- This will need to be repeated on an annual basis to ensure that the training doesn't become outdated. Provision of annual training would enable a Council to demonstrate that it has taken reasonable steps to prevent the problem. This can provide the Council with a valuable defence if it has to defend a claim of Sexual Harassment at the Employment Tribunal.
- The policy and procedure should include a simple and user-friendly reporting process should problems occur, as well as set out what action will be taken against offenders. For example, Employees who are found to have committed acts of Sexual Harassment would be accused of Gross Misconduct.
- Elected Members who are accused of Sexual Harassment may have breached the Integrity Standard of the Code of Conduct. In these circumstances the Council could report the problem to the District Monitoring Officer, asking for the matter to be addressed promptly and without undue delay.

All Councillors and Employees of the Council should be fully aware of the Policy and Procedure, and understand how it can be implemented.

From October 2024 Councils could face a surcharge of 25% on top of any compensation awarded to an Employee who successfully makes a claim of Sexual Harassment at an Employment Tribunal, if a Council cannot demonstrate how they have complied with the new rules.
